PROJECTS

Web Design

<https://www.erikaspetrauskas.com/>

October 2025

- Version 4 of my portfolio. Coded in plain HTML, CSS and JS. Aimed to be simple yet have personality for potential clients to see. Makes use of GSAP animations to hide loading times and create a modern aesthetic. Has a contact form powered by Formspree.

Web Design

June 2025

- Version 3 portfolio. I created a portfolio website in the style of a Windows 98 Desktop. Includes many small true to life features like moving/stacking windows, minimising/maximising windows, a functional start menu, and more. Coded in plain HTML, CSS and JS. Uses a 98.css library to recreate the classic interface.

Web Design

November 2025

- A modern re-design of a moving company's website. Aims to stay as close to the original website as possible, while fixing many of the UI/UX problems found. Features quote and admin pages powered by Supabase, and a Google reviews component powered by Elfsight. Coded in plain HTML, CSS and JS.

Web Design

October 2024

- Eika's Den is my attempt of making an e-commerce website. I went for a brutalist/minimalistic style, taking inspiration from Golf Le Fleur. Payment gateway is powered by Stripe. Coded in plain HTML, CSS and JS.

Web Design

May 2024

- Version 2 Portfolio. This was my first real portfolio. Heavily inspired by the DIY web aesthetics used in the 1990's and early 2000's. I created it more out of passion for the style rather than some ultra-refined piece of work. Coded in plain HTML and CSS.

EDUCATION

International Advanced Level ICT, Geography, Business Studies

El Limonar International High School · 2024 · C, D, E

Cambridge English CPE C2

El Limonar International High School · 2024 · C

International Advanced Subsidiary Level EPQ

El Limonar International High School · 2023 · C

- Wrote a 5000 word investigation and done a field test on the increasing use of AI in our daily lives. I explored how it has been incorporated by business to target advertisements, use microphones to listen for keywords and gather information on people. I conducted a test where I went on a fresh browser and spoke about a certain product in the hopes that advertisements about it would appear. Within minutes, several websites contained that product.

INVOLVEMENT

School Council

El Limonar International High School · September 2022 – September 2023

- Collaborated with students to organise events: Sports day, Halloween etc
- Led changes to improve student experience: Gave students more freedom within private study times, made mobile phones more acceptable
- Worked with the IT Technician for a month to assist in software and hardware related problems

SKILLS

HTML, CSS, Javascript – I am open to learning frameworks

Node, Git

Supabase

Stripe

Brevo

GSAP
